

TRUSTEE'S MEETING

**REPORT OR HEALTH OFFICER
ACCEPTED AND BAN WILL
BE LIFTED**

The board met in regular session November 14, 1918, at 8:30 p. m., all members being present. The minutes of the last regular meeting of November 7, and of the adjourned meeting of November 8, 1918, were read. It was ordered that there be added to the minutes of the regular meeting a copy of the list of property purchased of the city engineer. With this addition, the minutes were approved.

Requests for permits to hunt within the city limits were received from G. Camargo and George Larkin, both of which were, on motion of Trustee Henry, granted.

It was ordered that the report of the health officer, informally submitted to the committee of the whole, be approved by the board and that in accordance therewith, beginning Sunday morning next, November 17, 1918, the order preventing the assemblage of citizens in public meetings and gatherings of all kinds in the city of Glendale be rescinded.

Reports were received from the treasurer and tax collector and placed on file.

The city manager reported that there were at present in the emergency hospital eight patients, for the care of which two nurses are employed. He reported also that the city forester has been authorized to employ two extra men for a short time for the work of trimming the trees along the public streets.

The city attorney presented a written communication, which was read, in reference to the claim of Rev. J. H. Henry for exemption from taxation to the amount of \$1,000 valuation on the ground that he has been engaged in military service of the United States. After quoting the law on the subject, the city attorney advised that upon the filing by Dr. Henry of another affidavit for exemption, his claim for the same would be allowed. On motion it was ordered that the recommendation of the city attorney be adopted and the city assessor instructed to make the allowance requested by Dr. Henry.

The motion of Trustee Shaw was adopted, that when the board adjourn it be to meet on next Saturday morning, November 16, at 8:30 o'clock.

A special committee appointed to draw up resolutions in reference to the resignation of the city engineer, Ed M. Lynch, made a report, and on motion of Trustee Shaw it was ordered that the following resolution be adopted:

Whereas, Edward M. Lynch has faithfully served the city of Glendale as city engineer for the past ten and one-half years, and has now resigned that office to go into the service of our country as captain of engineers; now, therefore, be it resolved by the board of trustees of the city of Glendale, that this board has accepted the resignation of Captain Lynch with regret, and hereby express to him their sincere appreciation of his long, faithful and capable service to the city of Glendale as its city engineer, and declare their confidence that he will acquit himself with the same zeal, ability and success and well-being in the service to which the voice of duty has called him.

And be it further resolved that the clerk shall enter this resolution in full in the minutes of this board and forward a copy thereof to Captain Lynch.

MEETING OF GLENDALE ELKS.

I wish to announce to the members of Glendale Lodge No. 1289, B. P. O. Elks, that the lodge will meet at 8 p. m. next Monday, November 18, 1918. The influenza epidemic has subsided, hostilities in Europe have ceased, and we can now begin our activities in an enthusiastic manner. This meeting is important and one that should long be remembered. I, therefore, earnestly urge every brother who can do so to attend.

BERT P. WOODWARD,
Exalted Ruler.

CHURCHES TO OPEN SUNDAY

At a meeting of the Glendale Ministers' Association, held this morning, it was decided that the churches represented by this association would hold all regular services Sunday, pursuant to the lifting of the ban on church meetings. It is expected that the first services will largely partake of the spirit of thanksgiving on account of peace. A large attendance will no doubt fill the churches Sunday. Church buildings are being thoroughly prepared and cleaned and all arrangements are being made for a strenuous winter's work by our churches.

A MAN'S JOB

**"BUCKERS-UP AND BOLTERS-ON"
HAVE MORE TO SAY THAN
DRAWING SALARY**

Editor Glendale Evening News.

Dear Sir: A few days ago I noticed an article in your daily to the effect that there was an especial need at the northern shipyards of "buckers-up and bolters-on" at a wage of about four dollars per day; that arrangements could be made with (I think) our city clerk. Doubtless this information is true, but having been located in the Southwestern shipyard for some months and having been somewhat of an observer, it occurred to me that I could drop a few hints on this subject that might save some one a trip, some inconvenience and expense.

"As I observed above, 'buckers-up' and 'bolters-on' are undoubtedly in demand up north for the same reasons that they are always in demand in every shipyard. In the first place, four or even five dollars per day for unskilled labor sounds big to the uninitiated, but when one is compelled to either arise at about 4 a. m. and get home about 8 p. m. in addition to car fare, or else be under an expense of about twelve dollars a week and live at the job, not to mention the inconvenience of the same, one arrives at an opposite conclusion.

But why suggest that men go several hundred miles for such work, when it can be secured at the same government rate at any of the half-dozen shipyards any day at our own harbor district? And, lastly, let no one conclude that about all a "bucker-up" and a "bolter-on" has to do is to draw one's check. The work is a "real man's job" and requires considerably more than average brawn and endurance. If any one doubts it, it will cost one but the round trip fare plus a kink in one's muscles and back, to spend just a few hours at it.

DEATH OF A. M. PENNELL.

The death Wednesday night, Nov. 13, 1918, of A. M. Pennell, who for nine years has been an employee of the Chaffee Grocery company, and who for a time managed their grocery in this city, was quite a shock to his circle of friends here. After being a resident of Glendale for about a year and a half, he was transferred by the firm last May to Pasadena, and at the time of his death was manager of store No. 16. He was highly esteemed by his employers and business associates, and his death, which resulted from double pneumonia following influenza, is a distinct loss to the community in which he lived and worked. He was 34 years of age and leaves a widow and little daughter. Funeral services will be held in Pasadena this afternoon, Friday, at 2 o'clock, at the Reynolds & Van Nuys parlors, and from 2 to 3 o'clock all the Chaffee groceries will be closed out of respect for the dead.

TRAVER-BARNES WEDDING

A quiet home wedding was celebrated Thursday, evening, Nov. 14 at the home of Mr. C. L. Traver, 124 West Milford St. when his daughter Ethel was united in marriage to Mr. George Silverman Barnes of Alhambra. The Traver family have been residents of Glendale for about a year coming here from Topeka Kansas and Miss Traver has many friends here who will be interested to learn of her marriage. Mr. Barnes who is president of the Channel Commercial Company has been prominent in Los Angeles business circles for many years. The house was prettily decorated in white chrysanthemums and ferns and all wedding arrangements were very simple. Only close relatives were present at the ceremony. Mr. and Mrs. Barnes left at once for their home in Alhambra.

BERYL PLATT HAS BRIEF FURLOUGH

That Beryl Platt, son of W. M. Platt of Orange street appreciates his home is proved by the fact that when granted a brief leave he crossed the continent to spend a couple of days with his family. He left this city Friday morning, for New York city to resume his duties on the U. S. S. Mongolian which has been in transport service during the war between New York and French ports. He enlisted before the United States entered the war and has two years and eight months yet to serve before his term will be completed. As his work is in the engine room he does not have much excitement and says he is glad the war is over and the hazards of life reduced. The Mongolian has never encountered a submarine.

FRANCE FREE FROM GERMAN ARMIES

**GERMAN EVACUATION OF ANTWERP LEAVES BELGIANS
IN CONTROL OF THAT CITY**

(Special Service to Glendale Evening News)

Paris, Nov. 15.—It was unofficially announced at 3:30 o'clock this afternoon that the last German army had retired beyond the boundaries of France. This means that France is free of Germans for the first time since the war started.

German civilians and military authorities today were conferring at Nancy with Alfred Pirman, state counsellor for the District of Metz, relative to the beginning of the government in Alsace-Lorraine.

The present schedule provides for the Allied military occupation of Metz on Monday.

Strassburg is to be occupied officially about November 25, while the official ceremonies of restoring Alsace-Lorraine to France have been set for the first of December.

Dispatches today reported that Belgians are in control of Antwerp, but did not indicate whether the Belgian army had entered the city, or whether the Germans had merely evacuated, leaving the Belgian civilians in charge.

GERMAN EVACUATION OF POLAND BEGINS

**COUNTRY IN THROES OF REVOLUTION AND WARSAW
RIOTERS ARRESTED**

(Special Service to Glendale Evening News)

Copenhagen, Nov. 15.—The German armies have started the evacuation of Poland, according to Berlin dispatches of today.

The dispatches further said that Poland is in the throes of a revolution and that German soldiers and Polish civilians, rioting in Warsaw, were disarmed and arrested.

INTERMENT BASE ON SCOTTISH COAST

**CRUISER AND TWO TORPEDO BOATS SENT TO FIRTH OF
FORTH TO EXECUTE NAVAL TERMS OF ARMISTICE.**

(Special Service to Glendale Evening News)

Paris, Nov. 15.—The French cruiser Admiral Aube and two torpedo boats left Brest today for the Firth of Forth on the Scottish coast, charged with the execution of the naval terms of the armistice made with Germany. This announcement indicates that the Firth of Forth may be an internment base for the German fleet.

PROGRESSIVE PARTY COMING TO THE FRONT

**WILL DEMAND REPRESENTATION ON CONGRESSIONAL
COMMITTEES DEALING WITH RECONSTRUCTION**

(Special Service to Glendale Evening News)

Washington, Nov. 15.—The first rumble of the intentions of the Progressive party to play a big part in the organization of the next Congress was heard today. There was much talk in cloak rooms and lobbies of the Progressive plans.

The Senate has a strong Progressive faction, which includes Hiram Johnson of California, Borah, Kenyon, Norris, Gronna, McNary and others. This group tacitly admits it is preparing to demand representation on the committees dealing with reconstruction problems. Several Progressives are strong government ownership advocates.

In the House the Progressives are opposing the re-election of Representative Mann as floor leader on the ground that he is of the "old school" of politicians.

APPRECIATION OF THE PRESS

Chairman Cheel of the committee on public information formally orders that the newspaper censorship be lifted. He issued a statement saying:

"The Secretary of War, the Secretary of the Navy, and all others connected with the direction of America's war efforts, join in the sincere acknowledgment of their debt of gratitude owing the press of the United States for its honorable discharge of a high responsibility. Without force of law and under no greater compulsion than its own patriotism, an overwhelming majority of the press has given unflinching obedience to every desire of the government in all matters of military secrecy, carrying through successfully a tremendous experiment in honor and trust."

AMERICAN AIRMAN LANDS IN COLOGNE

(Special Service to Glendale Evening News)

Copenhagen, Nov. 15.—An American airman landed yesterday in Cologne, according to advices from German sources received here today.

FRENCH REPRESENTATIVE ON ARMISTICE COMMISSION

(Special Service to Glendale Evening News)

London, Nov. 15.—A wireless of today said that General Rhoades had been named to represent France on the International Allied Armistice Commission which leaves for German grand headquarters at Spa on Saturday.

A FIGHTING ENGINEER

**LAWRENCE DUTTON TELLS HOW
HIS COMPANY GOT INTO THE
FIGHT IN ARGONNE.**

Mr. and Mrs. J. W. Dutton of 528 North Maryland avenue, this city, have recently received two very interesting letters from their son, Lawrence Dutton, of Company C, 316th Engineers' Corps. He was a member of that famous division which was called out to fill a gap in the line in the Argonne forest and which gave such a splendid account of itself. One of the letters follows:

France, October 9, 1918.

Dear Mother: I guess you have been quite worried and anxious for a letter, but I have been unable to write you, as I have been up at the front for about two weeks. I have come back safely to where we now are for a rest, which we surely all need.

The division made a fine showing at the front and was very highly complimented by the commander on its good work, for it had advanced over five and a half miles in the eight days we were on the line.

We were the first engineers on the ground, so we were in between the infantry and the artillery all the time. There were lots of shells raining all around us. The first order we went on was to put a bridge just about three-fourths of a mile from the German trenches. We worked on that all night until daylight, when we finished. It was surely an important place, for all the artillery had to pass over it. A big barrage opened about 2 o'clock that morning, and the guns roared all around us as we worked, for they were lined up for miles, about thirty feet apart.

They sure put up a fine barrage until about 5:30 a. m., when the rockets were sent up for the boys to "go over the top."

Well, from that on we were in back of the infantry and had to construct several miles of road and put in three bridges by our pontoons which would carry twenty to thirty tons. We worked for over thirty-six hours without a stop, getting the artillery and ammunition trucks up.

I thought I had seen some traffic at Seventh and Broadway, but that looks like a country road beside the traffic we have here. Some may think that road work is a snap, but it is quite dangerous, for there are two things the artillery shoot at. One is to silence another battery, the other to shell the roads. The roads were muddy in places, so every time a truck got off the road they hollered

KNITTERS ARE BUSY

Mrs. Helen Campbell, chairman of the knitting department of the Glendale Red Cross chapter, reports that two dozen pairs of socks, which were left over from the last shipment to San Francisco, were sent forward Thursday, completing the chapter's October quota of 200 pairs. The combined November and December quota assigned the organization 300 pairs of socks and 50 sweaters. There is plenty of yarn on hand and knitters are responding to the call in a gratifying manner. Mrs. Campbell expects no difficulty in furnishing the quota expected.

SCHOOLS TO RE-OPEN

By direction and authority of Dr. Chase, health officer of Glendale, the ban under which the schools were closed has been removed and the city schools will re-open next Monday. All principals, teachers and pupils will please take notice, as this is authoritative.

Also, there will be a meeting of all principals and teachers Saturday afternoon in the auditorium of the Intermediate school at 4 o'clock, which will be addressed by Dr. R. E. Chase, health officer.

JAMES SHULTS,
Superintendent of Schools.

QUESTIONNAIRE RULING

Registrants over 37 years of age are not required to fill out and file questionnaires.

All registrants of 18 years who hold order numbers over 3114 will receive their questionnaires through the mails and must fill out and file them.

All registrants between the ages of 19 and 37, who have not filed their questionnaires, are held to be delinquent and will be punished as such. The exemption board is asked to report on all registrants above 19 and below 37 who have not filed questionnaires. The board's records must be completed. This is official.

F. D. LANTERMAN, Chairman,
L. A. Co. Exemption Board No. 7.

WEATHER FORECAST—Clearer tonight, cooler, and fair Saturday.

HONOR ROLL CLOSED

**VICTORY BOY AND GIRL MOVE-
MENT FOR UNITED WAR WORK
IN UNION HIGH SCHOOL**

Honor days are over for the United War Work campaign, and solicitors started this morning to canvass their territory. More than \$4,000 must be raised to complete the quota assigned Glendale. All employees of business concerns in Los Angeles who live in Glendale, but who have subscribed in Los Angeles, should bring their yellow receipts to Glendale headquarters, 134 North Brand Boulevard, and have them registered, thereby giving Glendale the benefit of their contributions toward the \$10,000 quota assigned to our city. Los Angeles is said to be behind in the drive, but she is depending on the smaller towns to loyally make up their share. Glendale has always kept up the pace in war work and can be depended upon now if her people will realize the emergency and contribute their share now.

The Victory Boy and Victory Girl movement has been taken up by the high school, and Principal George U. Moyses announces that Monday, the last day of the drive, will be Victory Day at the school for this campaign. It is the understanding that the boys and girls will earn the money they give, which can be presented in cash or subscribed and paid in three installments, the first being due December 1, the second in January and the third in March. It is the desire of those having the matter in charge that all such subscriptions shall be approved by the parents and for that reason students are requested to talk with their parents without delay and be prepared to act on Monday. The drive in the high school will be handled by the war savings societies which have been organized in all of the rooms, which will hold sessions at 9 a. m. Monday to receive subscriptions.

The following names were added to the honor roll Thursday:

J. E. Phillips, S. G. Pratt, Mr. and Mrs. J. W. West, Margaret West, S. R. Thompson, Henry Henning, Annie Chase, Mrs. E. W. Bennett, W. M. Nash, Ora McNernith, Dr. Anna I. Josslyn, Mrs. L. W. REMOVAL OF INFLUENZA BAN

On and after Sunday morning, November 17th, the embargo which was imposed on all public meetings in Glendale on account of the influenza epidemic will be removed. Church services may be conducted as usual and schools may open Monday.

Dr. R. E. Chase,
Health Officer.

Mrs. Bert Woodard reports the receipt of a recent letter from Mrs. T. C. Malone, a former resident of Glendale, who left here about a year ago to return with her children to Atlanta, Georgia, after the sudden death of her husband. She writes that she and the children are well and have not suffered from influenza. She has many friends here who will be glad to know of her well being.

Soldiers, Sailors and Ship-Builders Crave Candy —Why?

THE
TRUTH
ABOUT
CANDY

Statistics show that soldiers in all armies
are eating more and more candy. British
army officers say that their men have
eaten five times the candy expected.

Candy went into this war considered by many people a
luxury, but it is now firmly established as a great food for
men who work hard.

Candy produces heat and energy for muscular work. It is
a very desirable, quick fuel-food and is more rapidly oxidized
than any other food.

Candy, especially when it contains both fruit and nuts, can
supply the system with both calories of heat and energy,
and protein foods for material growth and repair.

Scientists tell us that during violent exercise the system
draws very heavily on its natural heat or "body fuel." The
heavier one's work the more the system requires the stored-up
energy in a pound of good candy.

The U. S. Food Administration recognizes candy as a health-
ful food. It also knows that the candy industry is a big national
asset and that it is the duty of every one to help keep
industries going at home to win the war.

So candy manufacturers are allowed a fixed amount of sugar.
When you see candy on sale you may buy it and enjoy it—
and it will be good for you if eaten in moderation.

Somebody's Chance YOURS?

I am compelled to quit business on account of my health, but am hanging on in hopes some one in Glendale will grab the chance of stepping into an established business. They're among the finest people on earth down here, intensely loyal to the store, and dread to see it close. I can sell any day to a party who will move stock and fixtures to another city, but I want to keep a store here. I am doing over \$50 a day business and it can easily be doubled with additional help. Just the thing for a man and wife. The notion trade would keep her busy. Easy rental terms. Note: I am selling more than 100 pies a week at 10c each. Am selling fresh yard eggs at 80c dozen. Am right where eggs grow.

This is just the time to launch out into business. Great times, big trade ahead. If your health is good, here is your chance.

Ray Austin and wife have sold their home at 525 South Pacific avenue and moved yesterday to 430 West Elk avenue.

Mrs. A. A. Barton, president of the P. T. A. Federation, announces now that the influenza embargo has been lifted the Federation will meet next Monday afternoon at the Intermediate school at 2:15 o'clock.

Mr. and Mrs. V. M. Tresslar of 320 West Lexington Drive have been confined to their home for two weeks with the "flu." Mr. Tresslar got up Wednesday, but was forced to go back to bed with a bad attack of sciatica and has suffered an almost complete collapse. Mrs. Tresslar is up and hopes to have no further setback.

Mr. J. F. Hearnshaw reports that the Jolly Thirteen Club will meet next Wednesday at the home of Mrs. G. D. Roach on Lomita avenue. The Club has been active in war work which members have continued at their homes during the influenza embargo. Previous to their last meeting in October they had made fifty-three quilts and about forty pairs of silk booties.

Mr. and Mrs. E. D. Yard and family, who have all been ill of influenza, are now quite well again.

Mr. and Mrs. A. E. Keague and Mrs. Alkin and daughters were the guests of Dr. and Mrs. Colin Cable of Columbus avenue last Sunday.

William Farlander of Riverdale Drive left Monday for a business trip by automobile through the valley and along the coast. He will endeavor to get home by Thanksgiving.

Miss Lois Duncan, daughter of Dr. A. M. Duncan of San Fernando road, who has had quite a serious attack of influenza, is very much better, but will not be well enough to resume her school work next Monday.

From the Glendale Red Cross Chapter were shipped yesterday, 75 pneumonia jackets made by faithful workers in the surgical dressings department. This shipment completed a quota of 100 assigned to the chapter.

Mrs. J. H. Braly, regent of the Glendale Chapter of the D. A. R. states that no meeting of the organization will be held here until December and it will be the policy of most of the California chapters to postpone meetings until that month.

Mr. and Mrs. J. H. Franklin and family are giving a dinner party this evening at their home on Central avenue, in honor of the sixteenth birthday of Donald Franklin. Mr. and Mrs. Blake Franklin and family will be guests.

Wednesday was to have been the meeting day of Chapter L. of the P. E. O., and next week its members will meet on Wednesday at the workroom of the Red Cross Chapter to sew for Belgian relief, now that the influenza ban has been lifted.

J. H. Braly went to Los Angeles this morning to make inquiries in to the condition of Mrs. H. Jevne who is lying at the point of death of heart disease. She is a close friend of Mr. and Mrs. Braly and connected with them by marriage ties.

Miss Abbie C. Terry, teacher of dramatic art in the high school, has been made very happy by the arrival of her parents, Mr. and Mrs. Terry, from Milwaukee, Wis., to spend the winter with her. They have taken a house on Seventh street and Miss Terry is enjoying a real home. As they have brought their automobile, the Terrys expect to have a great deal of enjoyment sightseeing in Southern California.

Mr. and Mrs. Tom Furst have returned to their home on Isabel street after a five weeks' absence. Mr. Furst was seriously ill of influenza and was taken to the home of his father, Dr. Furst of Los Angeles, where he received expert medical attention and care. He is now entirely recovered and the young people are delighted to be at home again in Glendale.

Miss Vivian Engle, who has been teaching in Neenac, on the very outskirts of Los Angeles county, has been spending the week in Glendale. Neenac, in common with most communities, closed its schools on account of influenza, and as Miss Engle's brother, Ray, expected to leave with a draft of selects last Monday for Kelly Field, Mr. and Mrs. Logan Fairchild motored to Neenac and brought her down, that she might have an opportunity to say good-bye to Ray before he went. However, as all know, the draftees were discharged, and she is returning to Neenac Saturday. Her brother, Carl Engle, who was sent over in August, has been a driver in an ammunition train near the front, where he was within the danger zone but not on the firing line.

CHOIR PRACTICE

The chorus choir of the Presbyterian church will meet for rehearsal this (Friday) evening at 7:45. All present and former members are requested to be present. Special music is being arranged for both services next Sunday, November 17.
